

Mr. Duckett

Chinese Interest in Down-Range Facilities

Attached is a note you sent to me asking that I see you to prepare a cable reply to Gene on the Chinese ICBM matter. Since [REDACTED] was here, I mentioned the problem to him. [REDACTED] spoke to Dave Brandwein and sent the following note and a cable back to [REDACTED] for [REDACTED] action. This may answer the problem, unless there is some additional point you might like to make to Gene to get back to [REDACTED]
